

09 - 11 January 2023

Vistar Estates, Mala, Panjim, Goa, India - 403001

## Tour & Business

Supported by

**SOLAR | WIND | ENERGY STORAGE | S-MOBILITY | BIO- ENERGY**

## Definitely Energetic

More than 90% of India's 54GW of solar capacity has been installed since FY2015/16. In the fiscal year that ended in March 2022, India added a record 13.9GW of solar capacity to the grid.

India's ultra-mega solar park model has been tremendously successful in de-risking solar projects and upscaling solar capacity deployments. Reverse auctions, where the lowest tariff bidders are awarded contracts, have been a game changer in making tariffs highly competitive.

India's solar parks are some of the largest in the world and offer tariffs below Rs2.5/kWh (~US\$35/MWh) – nearly 50% lower than coal-fired power tariffs.

## Exhibit

### Why Exhibit

To hold active business talk for export and buyer through special invitation of overseas buyers specialized in photovoltaic As REIE is to be operated by planning special invitation program for overseas buyers specialized in photovoltaic for the first time in the history of exhibition, it is expected that REIE would be crowded with Qualified Visitor. Since deluxe hotels are opened around GOA and PUNE and thus 5 main states related to photovoltaic, Karnataka, Maharashtra, Kerala, Tamil Nadu and AP are to operate local Visitor Delegation program, we are sure that the amount of purchase and business talk with buyers on the site will establish the highest record in the history. Being an exhibitor of REIE, Solar Show will make you stand out from the crowd and show your pioneering approach. You will receive a wide array of benefits that will help drive your business as an industry leader.

## Solar

Solar PV module/ panel/ manufacturers  
Installers / EPC companies, Independent Power Producers  
PV panel industrial cleaning solutions  
Turnkey Solar Manufacturing/ Solar Manufacturing Equipment  
Energy Meters & Related Accessories  
Manufacturers of Solar Cells, Photovoltaic Inverter & Manufacturing Equipment Vendors  
Tabber & stringer machine manufacturers  
Laying up machines & inline PV EL & appearance detector  
Module Connectors, Monitoring & Mounting Systems  
Trackers, Photovoltaic (PV) Modules Laminators.  
Panel Framing machine makers.  
Project Consultants, Research Institutions, Screen Printing and Metallization Equipment  
Silicon Feedstock, Ingot and Wafer  
Manufacturing & Smart Grid Technologies  
Software Solutions  
Solar Cell Manufacturers, Solar Consumers and Commercial Products  
Solar Drying & Desalination Systems, Solar Energy Storage, Solar LEDs, Solar Park Developers  
Solar Street & Billboard Lighting Systems  
Solar Water Heating, Cooling Systems and Solar Pumps  
Suppliers of Raw Materials, System Integrators & Assemblers  
Test & Measurement Equipment  
Trading & Marketing Services  
Training Establishments & Turnkey Solution Providers

## Smart Energy

Energy Meters & Gas Meters  
Electrolytes/Ion Exchange Membranes  
Electrodes/Catalysts  
IOT in energy solutions etc.  
Gas Diffusion Layers (GDL)  
MEAs, Separators, Other Stack Materials/Components  
Evaluation/Testing/Analysis  
Cell Test Equipments

Electric Characteristic Evaluation Equipment  
Power Load Equipment

## Natural Gas & Green Hydrogen

Domestic & Industrial Hydrogen Technology Including Boilers and CHP  
Catalysation & Chemical Technologies  
Conductive Material/Insulating Material Pipeline, Cryogenic & Storage Technology and Manufacturing  
Hydrogen Storage Tanks/Containers  
Hydrogen Absorption Alloys  
Hydrogen Sensors & Hydrogen Storage-Related Materials  
Chemical, Hybrid & Hydrogen Stations  
Electrolysis Solutions & Flow Meters/Dew-point Hygrometers  
Analysis Software & Other Calibration/Detection Devices  
Material Inspection Equipment & Cell Inspection Equipment  
Hydrogen Sensors, Gas Sensors, and Gas Meters  
Electronic Parts / Materials  
Electrical Fuse, Converter, Relay / Switch, EMC Noise Suppression Parts  
Heat Dissipation Member Connector / Cable

## Battery & Storage

Battery Manufacturers, Inverters, storage devices, Integrated Circuit (IC)  
Battery Sensor, Electric current / Voltage Monitor equipments for Battery Manufacturing  
Equipment for Battery Recycling  
Advances in Battery Technology, EVs, ESS, Batteries for Special applications, BMS, Charging Infra, Battery Chemistries  
Waste Management, Recycling of Used Batteries  
Wind Energy  
Wind Turbines & Windmill Remote Monitoring  
Temperature Control, Weather Sensing Devices  
Wind energy related solutions.

## Exhibitor Profile

Suppliers of raw materials Wire saws and consumables Silicon feedstock, ingot and wafer manufacturing Inverters, charge controllers, batteries and module connectors Screen-printing and metallization equipments Solar cells manufacturers

System integrators, assemblers and distributors Manufacturers of cell and module encapsulation, crystal growth equipments, diffusion furnaces, laminators, mounting systems, concentrators, trackers and collectors Solar water heating/cooling systems and solar pumps Testing, monitoring systems, project consultants, suppliers of building integrated photovoltaic (BIPV) and solar thermal engineering Glass, substrates, coatings, resins, encapsulation materials, films, gasses Photovoltaic (PV) modules, hybrid systems, materials and equipments

Solar drying and desalination systems Software solutions and providers of irradiation data Turnkey solution providers Solar farm developers and owners Annual maintenance contractors Emission monitoring systems Electrical test and measuring systems Solar street and billboard lighting systems Solar PV module/ panel/ manufacturers / Installers / EPC companies, Independent Power Producers / PV panel industrial cleaning solutions Turnkey Solar Manufacturing/ Solar Manufacturing Equipment / Energy Meters & Related Accessories / Manufacturers of Solar Cells, Photovoltaic Inverter & Manufacturing Equipment Vendors Tabber & stringer machine manufacturers / Laying up machines & inline PV EL & appearance detector Module Connectors, Monitoring & Mounting Systems / Trackers, Photovoltaic (PV) Modules Laminators. Panel Framing machine makers. Project Consultants, Research Institutions, Screen Printing and Metallization Equipment / Silicon Feedstock, Ingot and Wafer Manufacturing & Smart Grid Technologies Software Solutions / Solar Cell Manufacturers, Solar Consumers and Commercial Products Solar Drying & Desalination Systems, Solar Energy Storage, Solar LEDs, Solar Park Developers Solar Street & Billboard Lighting Systems / Solar Water Heating, Cooling Systems and Solar Pumps Suppliers of Raw Materials, System Integrators & Assemblers / Test & Measurement Equipment Trading & Marketing Services / Training Establishments & Turnkey Solution Providers.

## Book A Stand

Stand Type Cost

Shell Space (minimum. 9 sqm) **INR ₹ 9000 / USD \$ 109.96 per sqm**

A 9 sqm shell scheme package includes a modular shell stand structure, carpet, colour fascia with company name and booth number, one information counter, two chairs, one 5 amp power outlet, three 100W spotlights.

Raw Space (minimum. 18 sqm) **INR ₹ 8,000 / USD \$ 97.74 per sqm**

\* Raw Space: Power supply at INR 5,000 / USD \$ 125 per KW per 9 sqm will be charged extra

\* GST as applicable (Currently @ 18%)
